Calle Progreso n 12 B  
Ciudad Real , Spain

I am a Palestinian studying Computer Science in Turkey in the university of Ankara , currently living in Spain to conduct my Erasmus semester here , I love new experiences and looking forward to work with you .

## EDUCATION

---

### Universidad de Castilla - La Mancha (Erasmus):

**31/1/2022 → current**

Study abroad in Spain , Relevant coursework are : Web Development course and the Computer Networks course .

### Ankara University :

**31/9/2019 → 31/1/2022**

Computer Engineering degree with current GPA of 3.52.

Relevant Coursework : Algorithms and the Data Structures Course

## RELITAVE EXPERIENCE

---

### A Todo List Project :

This todo list Project was developed using Ruby and in this group Project we were able to create a database , make an authentication system for login logout features .

You can check the deployed Project here <https://todoappdsw.herokuapp.com/login>

### Hospital website :

On this Project was my first introduction to MVC programing and I was able to make a reservation system with asap.net core .
